FINANCIAL ORDER

on 6/4/25

ORDERED,

That the State Controller transfer \$95,468 from the Capital Expenditures line category to the All Other line category within account 010-13A-0258-10, Bureau of Policy and Management, for the purpose of paying operational invoices related to vessel fleet management and other administrative costs; and,

Be it further ordered,
that the State Controller increase the allotment in account 010-13A-0258-10, Bureau of Policy and Management, by \$95,468 in the All Other line category and decrease the allotment in account 010-13A-0258-10, Bureau of Policy and Management, by \$95,468 in the Capital Expenditures line category; and,

Be it further ordered,
that the State Controller authorize the transfer and expenditure in accordance with the attached "Revision of the Work Program for Fiscal Year ending June 30, 2025", for which this shall be our sufficient warrant.

Statement of Fact

This financial order transfers Capital Expenditures to All Other to pay outstanding invoices for vessel maintenance and general operating expenditures for the department. Funds are no longer required for the purpose for which they were originally intended in the Capital Expenditures line category because the budgeted vessel maintenance costs either were unable to be procured or did not meet the threshold for a capital purchase in fiscal year 2024-25. Failure to approve this financial order would require the department to fund these additional All Other costs internally in accounts that cannot support these costs.
